Warehouse temperatures below -30°C and above 80°C may be harmful to lubricated mechanical parts, elastomers (rubber), and any electrical parts included in the delivery. Only store in dry places. Keep dry because water in the terminals or in the drive magnet always causes damage and is fundamentally life-threatening.

Inflator crate

Dimensions (outside, L x W x H)	782 x 585 x 410 mm
Material	Aluminium
Interior	Bespoke shock absorbing foam
Extra items	Spare parts and use guides
Other	Space for 12/24/230 V converter and a packaged roll of mattresses
Weight	9,5 kg
